

Recruitment Details Form

Post Name: Research Assistant (Prof Bansode)

No of Posts: 02

Post Type: Temporary - 2 Months

Job Description:

The research assistant position is required to work with my research projects viz: Charmakars and Nano-Enterprenurship in the Kolhapuri Chappal Industry and Study of Yelmar Community. For the Charmakars and Nano-Entrepreneurship... research the candidate is expected to work with data cleaning, data analysis and data visualisation and help in preparing templets and tabulation of data accordingly. The candidate is also expected to help in writing the report as far as data analysis is concerned.

For the Study of Yelmar community the candidate is expected to have the knowledge of Marathi as it involves the reading of secondary literature and review of the literature available. Also the candidate should help in reviewing and analysing the secondary literature. The candidate is expected to help in conducting the field work which would include taking field notes and analyse it as per the objectives of the research. The candidate is expected to help in preparing the questionnaire for the survey, monitor and supervise the survey and make filed visit to Solapur, Satara and Sangli districts (if required at other field sites as well).

Both the positions are for two months.
